

How can I get involved in Racquetball?

Just Starting?

Please contact (nkaus@mankatoymca.org) to set up an individual Introductory Session (equipment provided). From there, you can consider more advanced lessons or be matched up with someone of similar ability to play regularly.

Want more than an Introductory Clinic or Session?

Contact Scott Schaffer at schafj1@hickorytech.net or call at 507-381-6876 to set up weekly more advanced lessons for a nominal fee through the YMCA and scheduled based on your availability.

Scott Schaffer's credentials:

- Has been teaching racquetball for over 30 years
- Holds championship titles in both singles and doubles
- City, regional and state champion

How else can I get involved in Racquetball?

Casual Play: Other players are always looking for singles and/or doubles matches. Please contact Neil Kaus (nkaus@mankatoymca.org) and request to be added to the Racquetball Contact List. The Contact List provides player information and skill levels so that you can reach out and organize casual singles or doubles matches.
